School Dropouts
Are Reduced By
Local Program

An anti-juvenile delinquency program which could cut school dropouts drastically throughout the nation is completing a successful trial run in Greencastle.

Mrs. Mildred Hervey, mother of five children who became Putnam County probation officer about two years ago, is the central figure in the program although she gives main credit for its success to the DePauw University students who took part in it.

DePauw University students volunteer to donate at least one hour a week to tutor grade or high school pupils in the city whose grades are so low they are on the verge of dropping out of school.

Prof. Paul Thomas of DePauw's sociology department, a former official of the Indiana Department of Correction, invited Mrs. Hervey to talk to one of his classes about juvenile delinquency. She told them that if school dropouts could be prevented the juvenile delinquency rate would drop.

"I'm not exactly sure how it started, but between us, this plan evolved," Mrs. Hervey explained. The plan began with 19 college students volunteering to tutor such potential dropouts, and the number of volunteers reached 63 tutors in a short time.

The plan is expected to be expanded when school resumes next fall and will continue on a limited basis this summer with about 10 DePauw students who live in Greencastle volunteering to continue tutoring during the vacation period.

Thomas said the program is unique in that it "is being sponsored by DePauw and the Division of Probation the County Department of the Indiana Department of Correction. I know of no other such arrangement, although colleges like Reed in Oregon, Mt. Holyoke and Amherst in Massachusetts, St. Augustine School in Louisville, Columbia College in New York City have students tutoring various classes of youngsters."

Under the Greencastle plan, the volunteer college tutor is assigned one faltering grade or high school pupil and betterment of that child's grades becomes the tutor's responsibility. Mrs. Hervey went to Greencastle High School, where the plan got its tryout, and told the pupils with failing or near-failing grades that if they wanted a tutor and would try to bring up their grades, to sign a request slip.

Mrs. Hervey, aided by Thomas and Mike Ratcliff, a DePauw student who served as coordinator, assigned these pupils a tutor and each worked out arrangements to aid the younger pupil with his school work.

Some tutors meet their pupils on DePauw's campus, others go to the schools or homes of the pupils. Some meet in Mrs. Hervey's Courthouse office.

"The results have been just wonderful, so much better than we dared expect," Mrs. Hervey said. "Many tutors ended up giving two or three hours a week to their pupil instead of one. In fact, some college students have taken as much as seven hours from their own study time to help a potential dropout."

Mrs. Hervey said many of the pupils so aided have advanced to much better grades and none has failed entirely. She said one of the keys to the success has been the feeling of the younger pupils that someone from the much-admired college group cared enough to donate his or

her study time to help them get their lessons.

A by-product has been the fact that the Greencastle residents see the collegians in a different light. The "town and gown" harmony is at an all-time high.

Six Township
Officials Listed

Trustees and advisory boards of the north six townships: Russell, Franklin, Jackson, Clinton, Monroe and Floyd, have announced the interim school board for the North Putnam Community School Corporation. The interim school board will serve from July 1, 1964 to June 30, 1965. Regular school board members will be elected at the general election in November of 1964.

As provided in the County School Reorganization Plan for the North Putnam Community School Corporation, one school board member shall reside in each of the six townships, and one member at large shall be selected from the six townships.

The following is a list of the school board members: Andrew Gross, Russell Township; William Etcheson, Franklin Township; John Crosby, Jackson Township; Hubert McGaughey, Clinton Township; Joe Hess, Monroe Township; William Luther, Floyd Township; Francis Lane, Monroe Township; selected as member at large.

Trial Underway
In Circuit Court

A jury trial of a non-support case started Monday in the Putnam Circuit Court with prospective jurors being questioned by Prosecutor James Houck and attorneys for the defense.

The case is entitled the State of Indiana versus Robert Otis Struck.

Judge Frank Fisher, of Newport, is presiding as special judge.

Striking Utah
Teachers Meet

Striking teachers in Utah scheduled a mass meeting today under threat of court action against their statewide walkout. High school seniors at East St. Louis, Ill., planned to match picket lines with their own striking teachers.

The two actions by public school teachers started Monday and centered on demands for higher wages and more aid to education.

At East St. Louis, down the Mississippi from the town where Tom Sawyer and Huck Finn played hooky with regularity, more than 18,000 youngsters skipped classes Monday. There was no way of determining how many students stayed away from school in Utah, although 37 of the state's 40 school districts were opened.

Civil rights demonstrations also cut into school attendance in many towns across the nation.

Jubilant civil rights leaders in Milwaukee, Wis., hailed Monday's school boycott—in which more than 10,000 Negro youngsters missed school—as "a magnificent success." New York city civil rights leaders, however, were forced by their own predictions to consider their school integration rally a "failure."

DEER DAMAGES CLOVERDALE STORES

The above picture is not the case of "a bull in a china shop" but of a deer that damaged Sargent's Variety Store and Murphy's Liquor Store in Cloverdale Monday morning. The frightened deer leaped through the plate glass windows of the two stores causing \$100 damage to the liquor store and \$3000 damage to the variety store. The damage shown above was found at the entrance of Sargent's Variety. John Arnold, Cloverdale resident, shot the animal in Frank's Marathon Station across the street from the two stores. Young Woman Is
Hurt In Wreck

Jennie L. Williams, 19, of Greencastle, Route 2, was injured in a one-car accident on U.S. 40, west of Manhattan at 7:15 Monday evening, state police reported.

Police said the left rear tire on her car blew out and the auto went over an embankment and hit a tree.

She was taken to the Clay County Hospital in Brazil suffering from deep lacerations above the left eye and a possible skull fracture.

State Trooper Jack Hanlon investigated the accident.

Nikita Assails
Western Allies

PORT SAID, U.A.R. UPI — Soviet Premier Nikita S. Khrushchev charged today the Western alliance used "aircraft carrier diplomacy" to try to prevent the struggle for liberation in the Middle and the Far East.

Speaking before a crowd of thousands of enthusiastic Egyptians, Khrushchev warned that the security of the Mediterranean would be greatly endangered by the introduction of U.S. Polaris missile submarines.

In London, a U.S. naval spokesman said it was "safe to assume" that Polaris-equipped submarines already were patrolling in the area, but declined to disclose the number, presumably on security grounds.

"The imperialists want to use aircraft carriers and warships to lie in wait for the national liberation movement in this area," he told the mass rally. "They use the carriers and warships as centers for pressure and control of neutrality and non-alignment."

The 70-year-old Soviet leader, here on the 11th day of his 16-day tour of the United Arab Republic, accused imperialism of "aircraft carrier diplomacy aimed at defending old and worn-out systems" in Asia and Africa.

Will Open Bids

INDIANAPOLIS UPI — The Indiana State Highway Commission announced today it will open bids June 10 on 24 road resurfacing projects. The projects including: Putnam—3.6 miles of U.S. 40 from 2 miles east of Mount Meridian to Hendricks line.

Road Closed

The Greencastle-Manhattan Road was closed today while repair work is underway on a culvert bridge near Manhattan. The work is expected to be completed Thursday or Friday.

Fidel Gripped By
Invasion Fear

MIAMI UPI — Tension gripped Cuba today and Premier Fidel Castro's military guard was up to ward off a possible new attempt to overthrow his Communist regime.

An announcement was expected any time that Cuban exile leader Manuel Ray, reported to be considered by Castro as possibly his most dangerous enemy, had arrived in his homeland to take charge of anti-Castro operations by his Cuban Revolutionary Junta JURE.

Ray has promised to return to Cuba by Wednesday, the 62nd anniversary of the island's independence from Spain.

Castro was apparently anxiously waiting for some sign of Ray, and possibly another exile leader, Elroy Gutierrez Menoyo, who was at the helm of anti-Castro plot called "plan Omega."

The Communist controlled island was on a maximum alert with troop and tank movements reported by newly arrived refugees and also government radio network messages monitored here by UPI.

Dispatches from Havana also revealed a state of military mobilization.

Cuban Industry Minister Ernesto Che Guevara also disclosed the Castro regime is ready militarily. He said "something" was expected from the exiles, but gave assurances over Havana Radio that "we know how to handle it."

Guevara's admission was accompanied by a new warning from the Soviet ambassador in Havana, Alexander Alexiev, that "the imperialists are mistaken if they believe they are going to act with impunity against Cuba."

Alexiev, in a statement broadcast over Havana Radio, reiterated Moscow's pledge to "stand by" Castro.

Seek Support

WASHINGTON UPI — Senate leaders of both parties sought support today for proposed changes in the civil rights bill which they hoped would produce enough votes next month to gag debate.

Three separate Senate conferences were called. The Southern bloc, with a special eye on today's Maryland presidential primary, arranged its own caucus while sending some members to the Democratic meeting on the amendments. Republicans also were meeting to discuss the proposed amendments.

Charles Chestnut
Shocked Fatally

Charles W. Chestnut, 32, Fillmore, was shocked fatally Monday as he helped install electrical equipment on a farm near Mace, 4 miles east of Crawfordsville.

Chestnut, a ground man for the Public Service Company of Indiana, was killed when a post hole drill he was operating, brushed against a power line.

He was born July 31, 1931, in Indianapolis, the son of Charles V. and Virginia Scott Chestnut. He had been an employee of Public Service for the past ten months. He was a Korean veteran, and a member of Tri County Church.

Survivors are: the wife, Marie; three daughters, Sherri, Connie and Laurie; three sons, Larry, Jerry and Johnnie Lee, all at home; his parents, Mr. and Mrs. Charles V. Chestnut, Coatesville, R. 2; his grandmother, Lillie Parsley, Kentucky; three brothers, Earl Lee, serving in the U.S. Army in Germany; James, Fort Campbell, Ky., and Mark at home; three sisters, Mrs. Betty Hollingsworth, Kokomo; Mrs. Elaine Ooley, Greencastle; and Stephanie Ann, Coatesville, R. 2.

Funeral services will be held Thursday at 2:00 p.m. at the Rector Funeral Home. Interment will be in Fillmore Cemetery.

Friends may call at the funeral home after 7:00 o'clock this evening.

Girl Injured In
Turkey Run Fall

GARY UPI — Kathy Sopezak, 15, Griffith, was recovering in a Gary hospital today from injuries suffered when she tumbled over a cliff in Turkey Run State Park Saturday while on a school outing.

Kathy's companions carried her more than half a mile from the base of the cliff where she landed to a park building where help was summoned. The girl was taken to Culver Hospital in Crawfordsville in fair condition and later removed by ambulance to Gary.

Culver Hospital authorities said she was in "satisfactory" condition when transferred Sunday morning.

BEIRUT, Lebanon UPI — The Syrian government has foiled an attempted military coup d'etat, reports reaching here from Damascus said today.

The reports said 12 officers were arrested in connection with the attempted revolt last Friday.

Carl Clodfelter
Rites Thursday

Funeral services for Carl Clodfelter, 65, well known north putnam farmer, who was killed in a traffic accident on U.S. 36 near Morton Monday noon, will be held at the Hopkins-Walton Funeral Home in this city at 2 p.m. Thursday with burial in the Hebron Cemetery.

Mr. Clodfelter was injured fatally when the tractor he was driving and pulling a 4-wheel farm wagon loaded with baled hay was hit in the rear by a semi driven by James Douglas Mayberry, 24, Cooksville, Tennessee.

State police said both men were going east. The impact threw Mr. Clodfelter off the tractor.

Mayberry was arrested on a reckless homicide charge by State Trooper Ted Settle and lodged in the Putnam County jail.

The deceased was born in Putnam County on August 5, 1898, the son of Jack and Anna Ardell Carrington Clodfelter.

He was married to Grace M. Wood, in Greencastle, December 3, 1925.

Mr. Clodfelter was a member of the Russellville Christian Church, the Russellville American Legion Post and was a veteran of World War I.

He graduated from the Clinton Center School, Crawfordsville High School, Indiana State Teachers College in Terre Haute and also attended Purdue University.

He is survived by the widow; four sons, Paul, Chicago; Myron, Greencastle, Route 1; Gordon, Chamblee, Georgia; Larry, at home; one brother, Ralph of Bainbridge; five sisters, Daisy Alexander, Morton; Maude Welter, Gary, Bessie Alexander, and Irene Romine, Indianapolis; Josephine Nevins, Greencastle, and seven grandchildren. His parents, two brothers, Manford and Ray, and one sister, Lavina Vermillion preceded him in death.

Friends may call at the funeral home after 7 this evening.

Seeks Funds For
Viet Nam War

WASHINGTON UPI — Defense Secretary Robert S. McNamara and Secretary of State Dean Rusk go before the House Foreign Affairs Committee today to testify in support of President Johnson's special request for more money to fight the war in South Viet Nam.

The President is seeking an extra \$125 million in his overall \$3.4 billion foreign aid program. The increase would include \$70 million for additional economic aid and \$55 million in more military assistance.

Committee Chairman Thomas E. Morgan, D-Pa., said he was sure Congress would vote the extra money. He said he was convinced the additional funds "cannot be squeezed out of the program for other nations without endangering the security of the United States."

But some members of the House committee planned to question Rusk and McNamara extensively about the feasibility of training South Vietnamese guerrillas for operations in Communist North Viet Nam.

Freighter Fire
Claims 10 Lives

LONG BEACH, Calif. UPI — Ten persons apparently died when fire ravaged the passenger-carrying Norwegian freighter Sandanger off the Mexican coast Thursday.

A rescue ship saved 45 persons, the body of an unidentified woman was found and nine other persons are missing and presumed dead. The victims were believed to include the ship's seven passengers, all from California.

Apparently most of the all-Norwegian crew and the passengers were asleep when fire erupted aboard the 5,600-ton vessel off the coast of Mexico, early Monday. The ship was en route to Le Havre, France, via the Panama Canal.

Mr. Green is survived by the wife, Mae, and three children, Herbert Wayne, serving with the Air Force in Japan, Lester of Indianapolis, and Mrs. Maxine Parsons of Putnamville, and several grandchildren.

Funeral services are pending until word is heard from the son in Japan.

Would Continue
Probe Of Baker

WASHINGTON UPI — Sen. Clifford P. Case, R-N.J., today praised tightening of Senate regulations proposed by a draft report on the Bobby Baker case, but he said the curbs were no substitute for full investigation.

Case has called for the Senate Rules Committee to extend the Baker inquiry so each senator could be asked about his dealings with the former secretary to Senate Democrats.

The committee's draft report, while technically secret, was widely published Monday.

The draft was prepared by special counsel Lennox P. McLondon and is to be discussed by committee members Wednesday. Critical of "gross importunities" by Baker, the report recommends for senators and senatorial aides: "Compulsory public disclosure of financial interests. Prohibition of 'all associations' with persons or organizations doing business with the government."

A requirement that senators appear and testify on request before Senate committees.

Case called the proposals "very wholesome." He said he hoped the rules committee and the Senate would approve them. He promised to support the proposals "to the hilt," but said they "do not take the place of a complete investigatory job."

The New Jersey Republican said he assumed the ban on "all associations" with those who do government business referred to kind Sen. Howard B. Cannon, D-Nev., who said he was studying the draft report, said he thought the "associations" provision needed clarification. If it would ban all associations by all senators and aides with all people and firms doing government business, it would seem to be "silly on the face of it," Cannon said.

Hearing Begins
On Segregation

A Federal court hearing began at Jackson, Miss., Monday on suits attacking the nation's only completely segregated public school system.

Among the first witnesses in the hearing was Kirby P. Walker, veteran superintendent of Jackson city schools, who testified that racially mixed classrooms would endanger children in Mississippi. Walker said also that tests indicated whites have a generally higher aptitude for learning than Negroes.

Attorneys for Negroes seeking the desegregation of schools in Jackson, Biloxi and Leake County, Miss., said that Mississippi was the only state that has not at least made a token start toward school integration. They asked the court to make permanent injunction directing school officials in the three areas to submit school desegregation plans by July 15.

Wayne Hopkins has been named chairman of the parade committee for Greencastle's forthcoming fall program that will be held September 24-26.

The announcement was made today by Ray Brush, general chairman of the fall program.

Simultaneous with his announcement of parade chairman, Brush revealed that a number of events already have been scheduled for the event that will observe the theme: "Those Wonderful Years—1910-1920."

Several high school bands, marching organizations groups from Indianapolis, Terre Haute and Putnam County, floats, and antique cars have been secured for the occasion, Brush said.

He said that cash awards to organizations and individuals will be made in parade competition.

Complementing the parade will be a German band contest, a pair of street dances, a treasure hunt and a trio of tent theatre productions.

Fund raising to underwrite the three-day extravaganza will begin this week. Both merchants and individuals will be invited to contribute to the fall program chest to support what has been described as the largest event of its kind in Greencastle's history.

Witness Terms
Hoffa 'The Boss'

CHICAGO UPI — A real estate investor who obtained a \$3.3 million loan from Teamster union pension funds testified Monday he delivered a \$100,000 commission for "the boss" after he was threatened with bodily harm.

Vaughn P. Connelly, Miami, Fla., a government witness in the \$25 million fraud trial of Teamster President James Hoffa and seven associates, did not identify "the boss."

But last Friday, Connelly told the jury one of the co-defendants "on several occasions had talked to the boss—Mr. Hoffa." Connelly testified Monday that defendant Benjamin Dranow told him "Mr. Hoffa was raising hell" about an alleged \$300,000 fee for the loan.

Dranow "did not want to see any harm come to me" but said "these boys play rough," Connelly said.

Connelly testified that Dranow and Calvin Kovens, a Miami Beach construction company official, arranged to get him the \$3.3 million loan from the Teamsters union pension fund. But they said he would have to pay them "under the table" a \$300,000 fee, Connelly said.

Hoffa and his associates are charged with fraudulently obtaining \$25 million from Teamster union pension funds and pocket more than \$1 million of the amount. All have pleaded innocent.

Reading Club

The Roachdale Public Library's summer reading club will begin on Saturday, May 23 for school children from grades one through six. The "Busy Bee" Club will provide each child with a card on which a bee will be stamped for each book read and which has space for recording the titles of ten books read during the eight week reading program.

Children may register at the library on Saturday, or any time during the duration of the program.

The flower-filled urns at the front entrance to the library have been provided, again this year, by the Roachdale Flower and Garden Club. This is the fourth year that this organization has given this service to the Library, and the colorful blooming plants add greatly to the appearance of the building.

IN MEMORY

In loving memory of Mother and Grandfather, Cora Bell Collins, who passed away in May, 1943 and Father and Grandfather Emery E. Collins, who passed away in September 1957. Remembrance is a Golden chain

Death tries to break but all in vain;
To have, to love, and then to part,
Is the greatest sorrow of one's heart

The years may wipe out many things
But this they wipe out never—
The memory of those happy days
When we were all together.

refreshments were served by the hostess and co-hostess, Mrs. John Braden.

IN MEMORY

In loving memory of our dear mother Mrs. Effie Black who passed away, seven years ago May 18, 1957.

We miss you Mom, and think of you, a thousand times a day,

And memories wander through, The things we do and say.

You were so good, so kind and true, You made each day worth while.

When troubles came and worldly cares, You eased them with a smile.

No more on earth we'll see that smile, Or know your tender touch.

You gave us happiness and we miss you Oh, so very much.

Sadly missed by The Children.

Without Frost

No Chipping
No Scraping,
Just Washing

Now that many of the new electric refrigerator-freezers need no defrosting at all, it takes only a few minutes of simple sudsing to clean them instead of hours of chipping, scraping, waiting and mopping.

The best time, according to the Cleanliness Bureau, is just before your weekly market day, when you have used up odds and ends and discarded useless left-

EASY TO CLEAN—Maximum storage space that needs minimum care marks the new electric refrigerator-freezers. Aluminum front panels of this roomy storage door can be removed, sudsed, and replaced easily.

overs. The best method, says the Cleanliness Bureau, is this:

1. Take out all food and other contents, including shelves, crispers, meat compartments, egg drawers, and other removable parts.

2. Wash interior, including door and its storage compartments and gasket, with sponge or cloth wrung out in warm soap or detergent suds. Clean corners and crevices with sudsy pastry or percolator brush.

3. Rinse with clear water mixed with three tablespoons of baking soda.

4. Wipe with clean dish towel.
5. Wash all removable parts at sink, using soap or detergent and a stiff brush for wire racks. Don't use boiling water on glass parts or plastic, but rinse all parts in warm or almost-hot water. Wipe dry and replace.

6. Wipe off "dew" clinging to jars and other food containers before replacing them.

7. Wash outside of refrigerator-freezer with damp sudsy cloth, then a clean damp cloth, and wipe dry. Don't use abrasive cleaners. Exterior may be waxed to give it a glow.

UN Unable To
Find Hostages

NICOSIA, Cyprus UPI —The United Nations has been unable to find 74 of 91 Turkish Cypriot hostages taken by the Greek Cypriots since March 27, Secretary General Thant's personal representative here said today.

The representative, Galo Plaza, grimly announced that only 17 hostages are in the hands of the Greek Cypriot government. He indicated strongly that he feared the other 74 are dead.

The 17 hostages accounted for, Plaza said, were all among 46 seized by the Greek Cypriots since the shooting of Greek officers in Famagusta May 11. The other 45 were captured between March 27 and May 11.

At the same time, Plaza reported that Turkish Cypriot leader Dr. Fazil Kuchuk has de-

nied knowledge of the whereabouts of 35 persons who the Greek Cypriots claim the Turkish Cypriots captured.

Plaza indicated the United Nations planned a tougher line against both sides here.

Another showdown built up in a second area today following the announcement that the Greek Cypriot government is seeking arms on the world market.

Thant recently insisted that peace would be achieved between Greek and Turkish Cypriots only after the disarmament of all the island's illegally armed forces.

Case To Jury
By Wednesday

FORT WAYNE, Ind. UPI —The second trial of 10 oil companies charged with violating federal anti-trust laws in connection with a South Bend area

gasoline price war in 1957 was expected today to be ready for a jury Wednesday afternoon.

Presentation of final arguments in the six-week trial began Monday and continued today. More closing statements were scheduled for Wednesday morning, followed by instructions to the jury by Federal Judge Jesse Eschbach.

The oil firms originally were tried at South Bend in 1960. The Seventh Circuit Court of Appeals at Chicago later ordered a new trial.

State Teachers
Threaten Strike

SOUTH BEND, Ind. UPI —South Bend school teachers threatened today to strike May 29, unless the city school board grants "reasonable" salary increases above the \$50 to \$250 range offered Monday night.

The unified salary committee of the South Bend Teachers Association, affiliated with Local 679 of the American Federation of Teachers, authorized a strike vote at 4 p.m. Wednesday to decide whether to walk off the job eight days later, a week before the school term ends June 5.

Len Pennyworth Says:

Cap and Gown Set May Earmark
Future Pay for Rolling Stock

If the commencement speaker fails to show up, the school board could get out the jam by inviting Old Len to speak. After putting four youngsters through the cap and gown line, he thinks he knows some of the things graduates should hear.

Before the ink is dry on their diplomas, many of these boys and girls grads will seriously consider getting a job. This will lead to a pay check, pay checks must be circulated and herein lies the need of advice to young people.

Before the first pay day actually arrives, the new wage earner may have already made active plans to invest in "rolling stock," and the leading question may be: "Just how little can I pay down and still become the part owner of a mortgaged automobile?"

There is no question about it. The need for transportation to and from work is often

a very pressing reason for buying a car, but, as I would point out in my speech to the class, this deal should be worked out through an overall financial program.

In winding up my speech to the grads, I would say: "Kids, your pay check can be either your servant or your master. If you spend it before you get it, then you will be a slave to your money. If you follow the principles of sound money management, then you will hold the whip hand over any wage or salary you may draw."

The grand climax of my dissertation would come when I would pound on the lectern and exhort the cap and gown set to channel all their financing through a Full Service Bank. And their kids around these parts, would know that I meant the Central National Bank where their parents have been doing business for many years.

Boy Testifies Against Parents

HOUSTON, Tex. UPI — Blond, crew-cut Spencer Churchill, 9, still loves his mother and

father. But he does not want to live with them if he is going to be hanged by his hands any more.

Spencer testified Monday at the aggravated assault trial of his parents, Mr. and Mrs. Winston S. Churchill. Churchill, 40, was found guilty and sentenced to six months in jail. His wife, Mary, 29, was found innocent of the same charge.

The boy told Prosecutor Reuben Hope that his father had hanged him from a bedroom wall by his hands. A sister, Margaret, 7, also testified she had been hanged by her wrists "two different times."

3 Airmen Killed

TYNDALL AFB, Fla. UPI —Air Force officers today sought the cause of a rocket explosion that killed three airmen and injured eight others working near a Sidewinder missile. An Air Force spokesman said the rocket motor exploded Monday while the missile was being assembled in a shop for a test firing.

Men's Clothing Store Ransacked

INDIANAPOLIS UPI —Burglars removed perhaps \$50,000 worth of men's clothing from a shop on Monument Circle in the heart of downtown Indianapolis, probably in broad daylight Sunday, police said today. The Nat Smith's Men's Shop, which was having a "going out of business" sale, was hit by a

burglary which officers said would have required two or three hours.

Since there was no rear entrance to the shop, police said the merchandise had to be removed through the front door. Officers did not say why they believed it was a daylight job, but they said the burglars probably walked in and out of the store many times in front of passersby carrying the clothing to a parked truck.

3 GIs Dead

NEEDLES, Calif. UPI —One soldier was killed and at least two others drowned Monday in the midst of the massive Operation Desert Strike war games. The two known drownings happened during maneuvers near a pontoon bridge built across the Colorado River north of Blythe, Calif. It was feared

a third drowning occurred to the north.

Murders Children

WACO, Tex. UPI — A 22-year-old airman today admitted he drove his automobile into the North Bosque River in an attempt to kill his entire family. He was charged with the murder of his four small children.

His wife escaped from the car when it landed on its top in 15 feet of water Monday and was treated for shock at James Connally AFB Hospital.

Train Wreck

RICHMOND UPI — Two cars of a more than 100-unit Pennsylvania Railroad freight train derailed west of here at Centerville Monday, blocking the railroad's major east-west line for two hours.

Blend With Every Decor

New Refrigerator-Freezers Suit Any Kind of Kitchen

MODERN REFRIGERATOR-FREEZER blends perfectly with ancient Japanese motif of this new kitchen.

A good kitchen is not just a showplace, although it can be that, too. No matter what the decor—quaint, cute, austere or oriental—a kitchen needs to be carefully planned and well equipped if it is to function as an efficient control center of family life.

The kitchen shown in the photo above is both efficient and attractive. It has been planned to make "homework" easier for the housewife. It is also a room guests will gather in because it's so handsome. One feature that makes this a

good working kitchen is the large electric refrigerator-freezer, situated near both the cooking center (far left) and the clean-up area (just left of refrigerator-freezer). With its straight, clean lines and uncluttered design, a new refrigerator-freezer like this blends well with any decor. Here it complements an oriental motif. And, although it has a large capacity for both fresh and frozen foods, it does not dominate the kitchen. It does contribute considerably, however, to the kitchen's efficiency.

YOUR LAWN

by Harvey Stangel, Ph.D.
Chief Agronomist, Allied Chemical Corp.

FERTILIZING YOUR LAWN

Few people realize how many different ways a good lawn serves them. It adds to the appearance, value and pride of owning a home. No matter how attractive the home or shrubbery, neither will have the proper setting without an attractive lawn.

Other advantages of a well-kept lawn include its land preservation value, its ability to prevent erosion, and its reduction of the amount of light and heat reflected into the house. A lawn also serves as a fine play area for children; they will be kept out of the mud and away from dust and they will be safer and cleaner as a result. The house will be kept cleaner, too.

One of the most important factors in growing good lawns is the proper use of fertilizer. It is safe to say that a majority of people who care for lawns in this country fail to fertilize properly. Some people, though they work very hard on their lawns, fail to fertilize at all!

For best results you should fertilize three times a year; first in early spring, next in June, and finally in late August or early September. At least 40 per cent of the year's total fertilizer

should be applied in the late summer. This final late season application of fertilizer provides steady root growth and assures sturdier grass next spring.

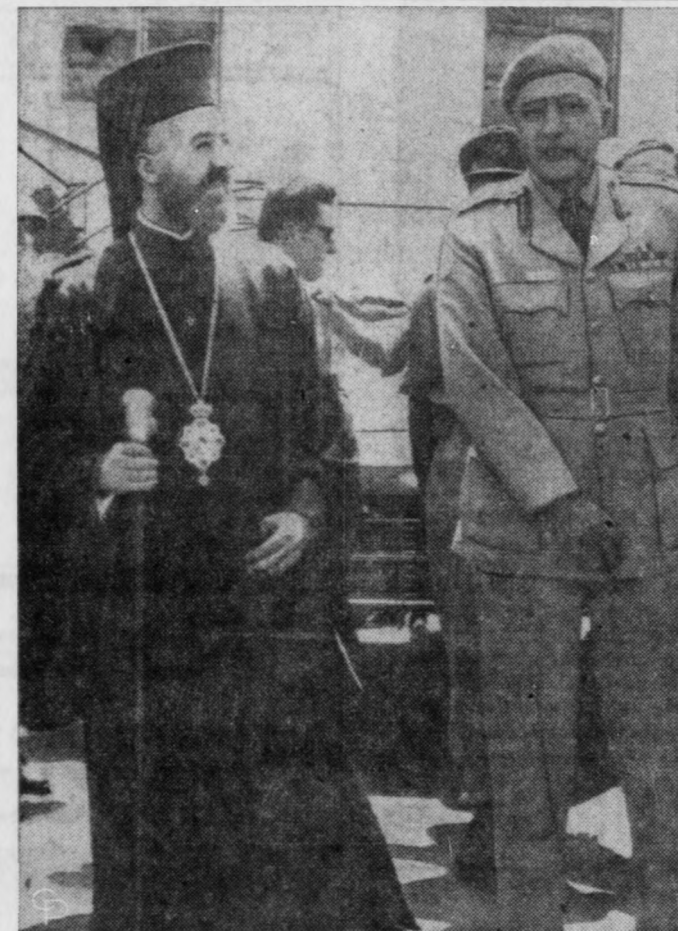

The most important chemical plant food elements required by lawn grass are nitrogen, phosphorus and potash. Since lawns need a liberal amount of nitrogen, fertilizers such as 20-10-5 analysis (20 per cent nitrogen, 10 per cent phosphorus, and 5 per cent potash) 16-8-4, 15-5-5, 12-5-6 or 10-6-4 are more valuable to you than, for example, a 5-10-5.

It is best, if you want to stimulate growth and avoid burning, to use fertilizers containing non-burning, slow-release nitrogen. These fertilizers extend nitrogen's usefulness during the growing season.

Above all, avoid over-fertilization at a single application. In the spring for example, apply 20-10-5 at about 5 pounds per 1,000 square feet, 16-8-4 and 15-5-5 at about 7.5 pounds, 12-5-6 at about 8 pounds and 10-6-4 at about 10 pounds. A good rule of thumb to follow is to have approximately one pound of nitrogen per 1,000 square feet of lawn as in above suggested amounts.

A World Of Style

World's Fair Provides Fashion Field Day --- In The Pavilions, On The Promenades

By Natalie Gittelsohn

THE WORLD'S FAIR, among many other extraordinary pleasures, provides a field day for fashion, both inside the pavilions and outside on the seemingly endless promenades. The impromptu show of haute couture that the ladies offer who visit the Spanish pavilion, renowned already for elegance, has no pier anywhere. At the New York State Pavilion, commercially sponsored fashion shows, frequently of a very high order, occur all the time. For the DuPont exhibition, during a most amusing and informative free show about the world of chemistry, the famous designer Donald Brooks has created some wonderful, contemporary clothes—all made of Guess-Who's fabrics?

WHAT YOU MUST KEEP in front of your mind when planning what you will wear to the Fair: Your enjoyment will diminish one-hundred-fold (and that is a conservative estimate) unless you dress comfortably. The best, all-around idea is a lightweight, deep-colored spring-into-summer suit with a blouse that looks decorative when you take off the jacket. (You will.) Beware of tight armholes, too-tight waistbands and high necks. Be absolutely certain that the skirt has a high walkability quotient. There are frequent, blessed breezes off Flushing Bay, so take out cellophane insurance with a headband, a little veil or (very wise) a sun hat that ties under the chin. Pack a pair of sun glasses and a small folding umbrella. New York weather is notoriously unpredictable. You may start out in the sunny blaze of noon and wind up, hours later, in a thunder shower.

MORE IMPORTANT than any other single consideration—take along an extra pair of shoes: ballet slippers or soft canvas sandals or sneakers if you happen to be wearing slacks. Nothing comforts tired

tootsies more than a change of heel height. You'll walk miles and miles stupefied by the Fair's splendor. But the park-like oasis with shade trees and benches that you will long to find just ain't there.

FOR THIS REASON, pre-schedule rests and refreshments at convenient points throughout the day. Don't carry lunch unless you are on a terribly rigid budget because, besides being extremely tempting and exciting, the many, many restaurants have no parallel for plain, cool, comfortable suitability.

THE TOP EDITOR of one of the most important magazines in America began a high-echelon meeting the other day by advising her staff that the first thing to do when they hit the Fair was to visit the Texas Pavilion. She called it "by far the most exciting spot on the grounds." The fact that she is also a fashion editor no doubt has a lot to do with it. The Texas Pavilion, which also sponsors a really fun, really sharp-shooting restaurant called the Frontier Palace, is the site of the most flabbergasting fashion show in Flushing Meadows. Morton Da Costa, one of this country's great musical-comedy directors, has put together a nice, long, ninety-minute musical spectacular that reprises—gaily and brilliantly—a documentary history of one hundred years of American fashion. You get the whole works in "To Broadway—with Love" from the girl on the bicycle built for two . . . to flappers in sequins and knee garters . . . to the dress the darling wore who wished that she could shimmy like her sister Kate . . . to what looks great right now. And, as I say, there are those ninety minutes to take off your shoes in the cool, dark theatre as you hum along with a century of immortal American melody.

Lazybones Cookout

Two elements for a successful cookout—eager eaters, effort meager. The eager eaters are always buzzing around. The effort meager is part and parcel of the menu.

Leading off plans for a lazybones cookout are Ham-Pineapple Kabobs. For these, alternately string pineapple chunks, green pepper squares and marinated ham cubes on skewers. The marinade: A mixture of pineapple juice seasoned to taste with soy sauce, lemon juice, brown sugar and the ground spices—cloves, dry mustard, ginger. Cooking time: about 15 minutes, brushing with marinade as kabobs are turned.

Cooking time for Herbed French Fries and mixed vegetables is about 25 minutes. For four eager eaters, turn out a package each of frozen French fries and mixed vegetables onto individual squares of foil wrap. Season each to taste, butter the vegetables, wrap securely, place on grill. Turn packages every 5 minutes. For piping hot, toasted Sesame rolls, 5 minutes on a hot spot atop the grill will do.

Sesame Rolls

2 tablespoons soft butter or margarine
1 tablespoon toasted sesame seeds

Crane Dies

WASHINGTON UPI — An 18-day-old whooping crane which Interior Department officials had nursed with great care as a member of a nearly extinct species is dead.

A department spokesman announced Monday that the crane died Sunday at the San Antonio, Tex., Zoo of an apparent pulmonary failure.

The crane, named Zoe, had been plagued with troubles from the time she was hatched and had been sent to the zoo from the Montevista National Wildlife Refuge in Colorado for treatment by specialists.

Explain Migration

WASHINGTON UPI — Vast numbers of Americans have moved to the suburbs in recent years and sociologists have had a field day trying to explain the migration.

Actually, the explanation is quite simple. Most people move to the suburbs to get away from folk singers. In suburbia, it is still possible to frequent public places without having some lout in need of a haircut twang a guitar at you.

Oak Bottle Shop Monday, fled outside, returned for about three minutes, and finally made good his escape.

His excuse for the three-minute return: "My car isn't here yet."

AMERICAN AIRLINES OFFERS
SPECIAL FAIR PACKAGE TOURS

American Airlines chairman C. R. Smith (left) and Robert Moses, president of the New York World's Fair, after the airline purchased 100,000 tickets to be sold through ticket offices in 55 U. S. cities at a special discount of \$1.35 for adults and 68 cents for children to age 12.

NEW YORK—American Airlines is offering a wide variety of low-cost package tours designed around the New York World's Fair. The packages range from week-end tours (three days and two nights) upward. Rates begin at \$15.50 per person and include the most modern hotel accommodations and one admission ticket to the Fair. Optional sightseeing features vary—from a cruise around Manhattan Island (\$2.50) to a United Nations tour (\$1).

Some other American "Holiday On Wings" packages include a choice from 39 New York hotels in four price categories, multiple admissions to the Fair and multi-choice sightseeing of New York.

A typical five-day four-night package includes accommodations with private bath, a general admission ticket to the Fair, tour of the Fair grounds, World's Fair guide book, Monorail ride and a tour of the United Nations. And rates for this package begin at \$59 per person based on double occupancy.

Information on any or all of the packages plus air fare to and from New York can be obtained through American's ticket or sales offices located at 55 U. S. cities. American recently introduced family discount fares for both coach and first class seats especially for the Fair.

Welcome to "La Fonda del Sol"!

Bienvenido! Esta usted en su casa . . . "Welcome! This is your house . . ." and in the gay spirit of South American hospitality, the smiling Latin lad in the photo prepares a "granizado" for two wide-eyed youngsters on a visit to what is perhaps New York's most colorful restaurant, La Fonda del Sol.

This vividly decorated cart is a familiar sight as it winds and vends its way along the village streets in South America and Mexico, offering "granizado," a concoction of cherry, lime, raspberry or chocolate flavored syrup poured over chipped ice in a paper cup to be sucked like an ice cream cone.

When you come to New York for a Sunday afternoon at La Fonda; it's open from 1 to 9 p.m. on Sundays when "granizados" are served free to children. In an atmosphere reflecting all the color, folklore and gaiety of our neighbors to the South, you are invited to enjoy food and beverages as they are prepared in the countries under the Latin American sun. The waiters and pantry maids wear bright native garb, while the doormen wear two sombreros, one atop the other, and handsome ponchos emblazoned with a golden sun. And the magnificent collections of native crafts and artifacts enthrall adults and children, alike.

La Fonda del Sol means "the Inn of the Sun," and you'll find it in the Time and Life Building on the Avenue of the Americas, with its entrance on 51st Street (right across from Radio City Music Hall). It's open every day, with luncheon a la carte served from noon until 3 p.m., and dinner from 5 to 11 p.m. Prices are moderate, and the menu includes familiar American fare, too.

VEGAS JET CRASH PROBED—Air Force investigators are sifting through the wreckage of an F105 jet fighter (similar to the one shown, top) that crashed in North Las Vegas, Nev., killing the pilot, a woman and three children and destroying nine homes in a new residential neighborhood (lower). Trying for a clearing, the plane scorched the roof of an elementary school with 800 pupils inside. The pilot was 1st Lt. Raynor L. Hebert.

Valpo Clinches Tie For Crown

Valparaiso has assured itself of at least a tie in the Indiana Collegiate Conference baseball race that closes Saturday.

The Crusaders, squeaking by Evansville 6-5 and 4-3 last Saturday, shoved their record to 8-3 and have only to worry how Indiana State, now 6-3 makes out this weekend with Evansville.

Valpo's conference slate is completed.

Indiana State, buried in the second division two weeks ago, belted Ball State and DePauw out of the ICC's top spot.

The Sycamores, needing two victories to tie Valparaiso for the championship, made a twin-killing of DePauw last Saturday, 10-2 and 2-1. The double loss plummeted the Tigers from first to fourth.

Ball State, like DePauw, lost its chance for a conference title, splitting with Butler in Indianapolis, winning 1-0, losing 4-1.

Though Ball State and St. Joseph's end their ICC schedules at Muncie Thursday, the title suspense will last for two more days as Indiana State has to wait until Saturday to go to Evansville. DePauw and Butler close up shop the same day in Greencastle.

Track To Open Despite Blaze

LOUISVILLE, Ky. UPI — Miles Park racetrack officials planned today to open for the summer meeting as scheduled Friday, despite a disastrous stable-area fire which killed 28 Thoroughbreds and destroyed 12 of 26 horse barns Monday.

Vice President and General Manager Horace Wade said, "I don't see why we can't open Friday as planned."

Twenty-three of the nearly 600 Thoroughbreds already on the grounds died when flames razed 12 of the track's half-century old wooden barns, and five had to be destroyed when they suffered serious injuries in their panic-stricken efforts to escape.

Some horses were moved across town to the Churchill Downs stable area, and an estimated 400 temporary stalls will be brought here from the Cincinnati, Ohio, horse show.

An additional 300 Thoroughbreds are expected by Friday for the beginning of the 50-day summer racing season. Track officials said 367 of the 1,014 Miles Park stalls were destroyed.

Jim Bunning Is Pitching Well

Jim Bunning has nine hungry mouths to feed and he's made a private promise to give them all a taste of some World Series melon.

The 32-year-old side-arming stringbean, who provides the groceries for seven kids as well as for himself and his wife, narrowly missed the second no-hitter of his career Monday night but still pitched the Philadelphia Phillies back into first place.

Bunning gave up only one hit, a fifth inning single by Jim Wynn, as he handcuffed the Houston Colts, 4-0, for his fifth victory compared with only one defeat.

"You might say I've been 'around the block' in this game," grinned the six-foot-three, 182-pound right hander. "I've been in six All-Star games, had a 20-game season, pitched a no-hitter and even was with a second place club. But I've never been in a World Series."

Boxing Semi-Finals

NEW YORK UPI — Three major upset winners will get a chance to prove their prowess tonight in the semifinals of the Olympic boxing trials in Singer Bowl at the World's Fair.

Heavyweight Tyrone Hollins of the Army and Coffeyville, Kan., will command the most attention in a three-round bout with Buster Mathis, the blubbery Michigan mammoth, who weighs 298 pounds and stands six-foot-three.

In one of Monday's 38 opening bouts, Hollins, 22, and weighing 196, scored an upset decision over Al Wilson of the Camp Pendleton Marines and McKeesport, Pa.

Cuts Jobs

WASHINGTON UPI — President Johnson has cut 8,655 jobs off the federal employment ceilings he had set for the end of the current fiscal year on June 30.

The White House said Sunday that the cutback, coupled with a reduction of 6,526 jobs announced on March 9, means that 15,181 federal positions will be lopped off Johnson's January budget estimate of 2,512,400 civilian employees at the end of the fiscal year.

Racial Violence Hits Nashville

Racial violence broke out again in Nashville, Tenn., Sunday but civil rights advocates, in 200 other cities observed "freedom Sunday" by peacefully protesting segregation with rallies and demonstrations.

City officials geared for a massive demonstration today at Milwaukee, where Negroes planned to boycott the public schools and set up picket lines. The rallies and demonstrations throughout the nation Sunday marked the 10th anniversary of the U. S. Supreme Court's school desegregation decree.

Indians Lose

SEATTLE, Wash. UPI — Jerry Stephenson struck out 11 batters and limited the Indianapolis Indians to six hits as Seattle won a Pacific Coast League baseball game 5-2.

The Indians got their runs in the fifth inning on homers by Ken Berry and Deacon Jones. This put the Tribe in the lead temporarily, but in the bottom half of the frame Seattle came back with three runs and wrapped up the victory.

Cub Golf Team Finished 23rd

Greencastle High School's golfers finished with a total of 337 to finish 23rd in the Indianapolis sectional. Bill Eckardt, Greencastle's outstanding senior, narrowly missed a trip to the finals as he shot a 75, which tied him for sixth in the field. Tom Troyer shot an 83, Mike Troyer an 87 and Rusty Elliott a 92.

The sectional results follow: 1st five team finishers

- Southport — 306
 - Speedway — 306
 - Manual — 312
 - Broad Ripple — 313
 - Shelbyville — 314
 - Terre Haute Wiley — 314

Hectic Battle

INDIANAPOLIS, Ind. UPI — A hectic battle is in the making at the Indianapolis Speedway next weekend when drivers with their backs to the wall battle for the remaining dozen places in the 33-car field for the Memorial Day 500-mile auto race.

Most of the veteran "drivers" of the two-and-a-half-mile oval have qualified and only three of the first 10 to finish last year's holiday chase were not sitting high up in the current lineup of 21 combinations.

Bumper Crop

Farm With High Analysis Fertilizer

Most farmers will agree with agronomists that 100-bushel-plus corn, and equally fine yields of other crops, need lots of nitrogen and phosphorus every spring to maintain high profit yields.

When you plow down a high analysis fertilizer each spring, it supplies the kind of nitrogen and phosphorus that soil bacteria needed to turn soil, straw, and stubble into humus, the stuff that makes soil hold water, minerals, nutrients—soil that makes the difference between 50 or 150 bushel corn.

The phosphorus in fertilizer compounds once it's in the soil. The nitrogen is gradually released to the crop over the entire growing season. In addition, scientific tests have proved that it pays to use plenty of potash as well. High corn yields, heavy well-filled ears, reduced insect and disease damage, less lodging, greater feeding value—these are the many ways corn responds to proper feeding.

Tiger Cubs Beat Schulte, 8 to 7

The Tiger Cubs gained revenge over a mighty Terre Haute Schulte team Monday afternoon by a score of 8-7.

When Jim Covert started things out in the first inning by getting a single, the game looked as if it may be a hot one. Phil Cooper then hit a single and the Schulte team got Covert out at second. Phil Cooper still trying to win the game in the first inning, stole second base. From there he traveled to third on a balk by the Schulte pitcher. But he died there, as Ron York, and Jim Lewis made the remaining outs.

Second inning was scoreless for Schulte, but not for the "Cubs." Gerald York got a single to start things off. Gerald was also the first man to score from either team. Bill Clary scored on a bunt by Phil Hidwell and an overthrow, Phil Hidwell and Bob Evens also scored in this inning.

Third inning a strong Schulte team rallied and made 7 runs. Also a Schulte team member got a home run. The third inning was scoreless for the Tiger Cubs.

Fourth, fifth and sixth innings were scoreless for both teams. Seventh inning started out scoreless for Schulte but when the mighty Cubs got up to bat things changed. Phil Cooper scored on a double by Ron York. Ron then stole to third. A little excitement was stirred up when Ron York was going to try to score but was chased back and forth between third and home but finally made it back to third much to the relief of everyone but Schulte. Ron then scored on a hit by Gerald York. With Jim Lewis and Gerald York on bases Ron Bloth swung at a good ball knocking them in to end the game in favor of the Cubs.

Wanted: Much More Space For Frozen Food

Most families use frozen foods and like their convenience, flavor and taste. If a homemaker does have a complaint, it's likely to be that she doesn't have enough space to store as much frozen food as she would like to have on hand.

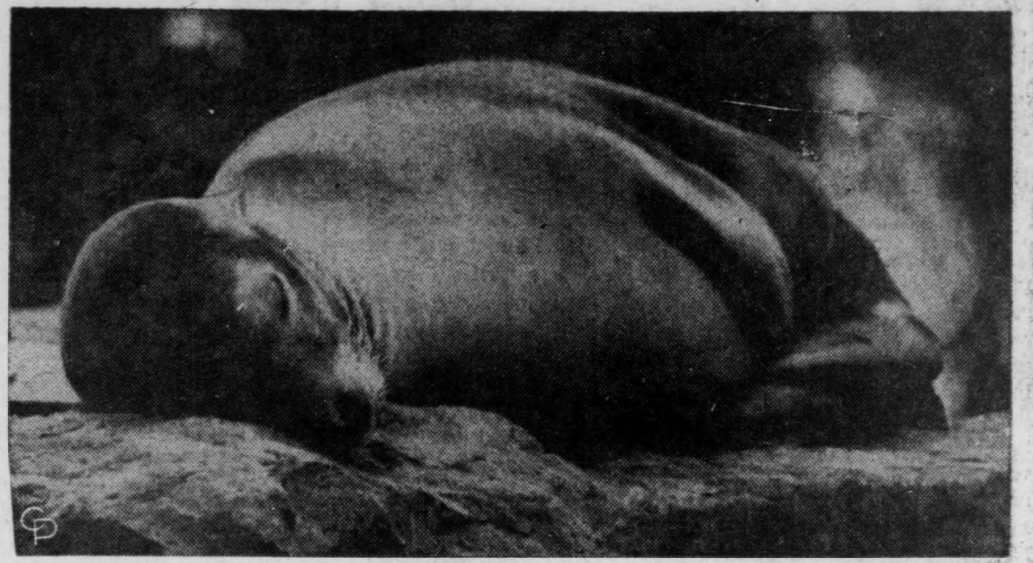

This information was gleaned from a recent survey conducted by the Ohio Agricultural Experiment Station, Wooster, Ohio.

One of the aims of the survey was to determine what problems exist in the purchase and use of frozen foods. More than 2,856 women of the 3,005 sampled stated they used at least some frozen foods. Of these 2,856 families, 71 per cent made no critical comments, while 29 per cent listed one or more problems.

One of the most frequently listed complaints (89) was the lack of adequate frozen-food storage space at home.

This explains the recent trend to larger electric refrigerator-freezers. A 14-cubic-foot unit is now the minimum size recommended for the average family. For large families and those who entertain frequently, much greater capacity is called for.

This does not mean having a giant in the kitchen, however. Refrigerator-freezer manufacturers have come up with improvements that give more fresh and frozen food storage space without a corresponding increase in the exterior size of the unit. Some of the new big-family units, for example, take up just about

SLOW START—It's opening day at the Highland Park Zoo in Pittsburgh but this seal ignores the festivities to bask in the sun, even ignoring tidbits thrown by visitors.

PLENTY OF SPACE for both fresh and frozen food in this new electric refrigerator-freezer allows homemaker to stock up at supermarket just once a week. The large freezer section below is free of frost, and so is the 11.8 cubic-foot refrigerator section.

The size of commercially frozen packages caused mixed comment: 43 homemakers thought packages were too small for the family, while 22 others thought packages were too large. A number of housewives felt that packages were too difficult to open, while others indicated that once the packages were opened, the contents were difficult to remove. Several respondents like the convenience of "pour and store" packages and asked that more items be packaged in this type of container.

Refuse First Trick To Stop Long Suit

Even when you can win two tricks in a suit, it may still be important to refuse the first trick. This helps you when one of the opponents has only two cards in the dangerous suit.

You lose game and rubber if you play the queen or jack of spades from dummy at the first trick. If you've already

mentally played the queen, give yourself a mental slap on the wrist and play the hand over. If you play dummy's queen, East must not cover with the king. Instead, he signals encouragingly with the ten of spades.

Since you need at least one diamond trick, you lead a diamond at an early stage, and West takes the ace. He leads his other spade, depending on dummy's play. Either way, East sets up the rest of his spades.

East gets in with the king of diamonds in time to defeat the contract with the rest of the spades.

PLAY LOW

The correct procedure is to play low from both hands at the first trick. This allows East to win the first trick with the eight of spades, but nothing can stop you from taking the second and third spade tricks by way of a finesse.

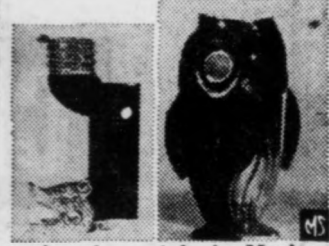

If East returns a spade (as good a defense as any) you win in dummy with the jack and lead a diamond. If West wins, he cannot lead a spade, and you have time to force out the king of diamonds. If East wins the first diamond he can set up his spades but cannot get back in time to cash them.

What happens if West takes the first diamond and leads a heart? Step up with the ace of hearts and lead another diamond. The opponents can take only two diamonds, one heart, and one spade.

ANCIENT THEMES REVIVED FOR FAIR

A unique style in Mexican silverware is being introduced in the Mexican Pavilion at the World's Fair in New York.

Inspired by the art of the highly advanced Indian civilizations of Mexico, the pre-Columbian award-winning style that has seldom been seen outside of Mexico, is being shown in a specially created collection of nineteen pieces donated to the Mexican National Tourist Council. Typical of the exhibit are the fish vase with jadeite eye shown here and the carved silver and onyx candle holder. The collection of plates, trays, candelabra, bowls, pitchers, vases, etc., is the creation of the Tane S.A. group of silversmiths, founded in Mexico in 1954.

The Tane group consists of about fifty artists, designers, sculptors and silversmiths, working collectively with each specialist contributing to the finished work of art.

MAY SUCCEED CANNON—Under the seniority system, Rep. George H. Mahon (above), D-Tex., is expected to succeed Rep. Clarence Cannon, D-Mo., as chairman of the House Appropriations Committee. Cannon, 85, the oldest and one of the most powerful members of the House, died unexpectedly in Washington. He had been a House member since 1923.

you say?

Answer: Double. Partner should have about 12 points for his opening bid, and you have 11 points. This leaves only 17 points for the opponents. You should be able to take about 8 tickets against any contract, and you must double to punish

the opponents for their presumption.

POWER POOL

Mothers in car pools know that totting five for the price of one pays off in lower transportation costs. This same kind of teamwork among Indiana's Five Investor-Owned Electric Companies pays off in low electric rates for you. Although each operates separately, the generating and transmission facilities of Indiana's Electric Companies are interconnected into a "power pool".

On occasions when extra electric power is needed each of the 5 electric companies can "borrow" the electricity it needs instantly from a neighboring company. This means more efficient use of generating facilities and the most dependable service at the lowest possible rates for you.

Say "Cheese!"

By JOAN O'SULLIVAN

Say "CHEESE" and the average person smiles with pleasure, anticipating a treat, for cheese is one of the good things that practically every country in the world has to offer.

Because cheese has so many fans, it's frequently featured for hors d'oeuvres. Our own hot favorites in this category are given below.

Appetizer Or Main Dish

The Crispy Cheese Balls, featuring America's superbly sharp Cheddar dipped in corn flake crumbs, can be rolled small for appetizers or king-size for main dish.

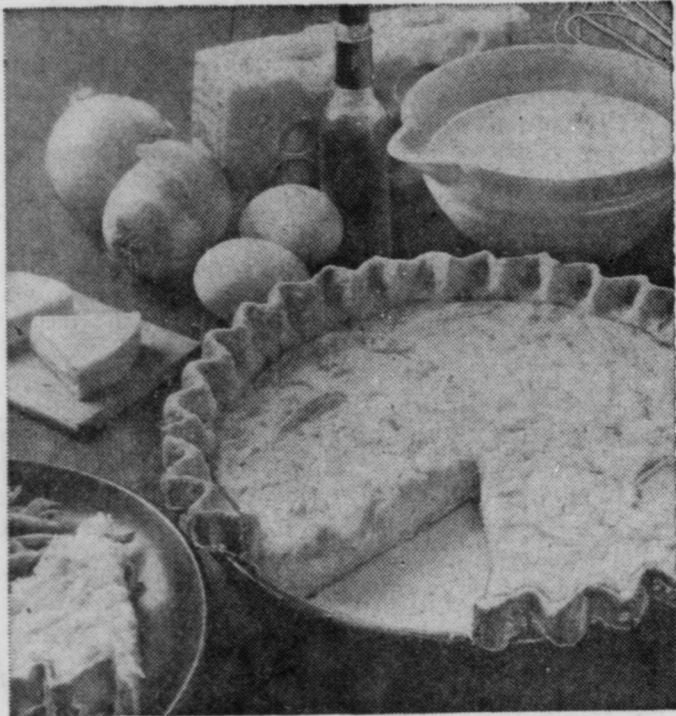

The Onion-Cheese Pie, which combines Switzerland's nutty-flavored Swiss and mellow Gruyere sparkled with a dash of Tabasco, can make a main dish, too. For this, cut the pie in large wedges and serve with green beans and a salad.

Versatile Bread

Thickly spread with cheese, French Roquefort Bread is an appetizer. Spread lightly, it can be, a la garlic bread, an added attraction with the meat course.

CRISPY CHEESE BALLS

- 4 c. (1 lb.) grated natural Cheddar cheese
 - 1/2 c. sifted flour
 - 1/2 tsp. salt
 - Few grains cayenne
 - 4 egg whites
 - 3 c. corn flakes or 3/4 c. packaged corn flake crumbs
 - 4 egg yolks, slightly beaten
- Mix together cheese, flour, salt and cayenne.

A DASH OF Tabasco sparks the flavor of a pie that teams Switzerland's Swiss and Gruyere cheeses with onions.

Beat egg whites until stiff but not dry; carefully fold in cheese mixture.

Chill thoroughly for 2 hrs.

Shape cheese mixture into 12 balls about 2 in. in diameter.

(For appetizers, shape rounded teaspoonfuls of cheese balls.)

If using corn flakes, crush into fine crumbs.

Dip cheese balls in egg yolks, then roll in corn flake crumbs.

Fry in hot deep fat (350° F.) for about 3 to 4 minutes.

ONION-CHEESE PIE

- (9 in.) unbaked pastry shell
- 3 eggs
- 1/2 c. milk
- 1/2 c. light cream
- 3/4 tsp. salt
- 1/4 tsp. Tabasco
- 1/4 tsp. nutmeg
- 1 lb. Switzerland Swiss cheese, grated
- 1 lb. Gruyere cheese, grated
- 1 tbs. flour
- 1 large onion, thinly sliced and cut into quarters

Bake pastry shell in very hot oven (450° F.) until delicately brown, 5 to 10 minutes. Remove pie shell and reduce oven temperature to 325° F.

Beat together eggs, milk, cream, salt, Tabasco and nutmeg.

Combine grated cheese and flour; sprinkle evenly in pastry shell. Pour in cream mixture. Top with onion slices.

Bake in slow oven, 325° F., for 45 minutes or until point of knife inserted in center comes out clean. Cut in large wedges to serve as main dish; in small wedges for appetizer.

FRENCH ROQUEFORT BREAD

- 1/2 c. butter
 - 1/4 c. crumbled French Roquefort cheese
 - 1/4 tsp. salt
 - 3/8 tsp. freshly ground pepper
 - 1 loaf French bread
- In mixing bowl, combine butter, cheese, salt and pepper. Mix well.

Slice bread, cutting through almost to bottom crust. Between slices, spread Roquefort mixture.

Wrap bread in foil. Bake at 400° F. for 20 min. Serve hot.

A LUNCHEON SHOWER FOR THE BRIDE

May is the month of flowers, sunshine, and showers...bridal showers, that is. And, one of the nicest showers you can give is planned around a festive luncheon.

Your menu is elegant but not elaborate...preparation is at a minimum. The feature attraction is a tempting curried soup. Served in your loveliest cups or bowls, it's so right for spring. Canned condensed cream of chicken soup is the delicious base...add diced lamb, apple, celery, and seasonings...top with crisply toasted coconut.

Complement the soup perfectly with fresh fruit salads served in peppy orange cups. Miniature cream puffs and hot tea complete the menu.

- Spring Curry Cup**
- 1/2 cup diced cooked lamb
- 1/4 cup chopped apple
- 1/4 cup sliced celery
- 2 tablespoons chopped onion
- 1/2 teaspoon curry powder
- 2 tablespoons butter or margarine
- 1 can (10 1/2 ounces) condensed cream of chicken soup
- 1 soup can water
- Toasted coconut

In saucepan, cook lamb, apple, celery, onion, and curry powder in butter until vegetables are just tender. Add soup and water. Heat, stirring now and then. Garnish each serving with coconut. Makes 2 to 3 servings.

QUICK N' EASY Recipe of the Month

Most of us discover at an early age the delights of that part of the meal called dessert. And from childhood on, this remains the favorite course to plan, prepare and happily devour! For the budding baker of the family or for your own party menus, here's a sweet dish that takes but minutes to make, yet has all the qualifications of a good dessert. It's good to look at, good to eat—made the easiest way possible with a roll of refrigerated butterscotch nut cookies and canned strawberry pie filling. These two convenience foods are the only ingredients you'll need to create these Strawberry Filled Cookie Tortes. You'll find the crisp nut-studded cookies a pleasant flavor partner for the bright, fruit-fresh berries.

- STRAWBERRY FILLED COOKIE TORTES**
- 1 roll refrigerated butterscotch nut cookies
- 1 can (2 1/2 cups) strawberry pie filling

Cut cookie roll into slices 1/4 inch thick. Arrange in groups of three on ungreased cookie sheets with edges overlapping slightly to form cloverleaves. Bake at 375° for 7 to 9 minutes, until golden brown. Cool one minute before removing.

Place a cookie layer on each plate, add 1/4 cup pie filling and top with second cookie layer. Top with more filling and sweetened whipped cream, if desired. Makes 6 to 8 tortes.

Fresh Fashion in Summer Desserts

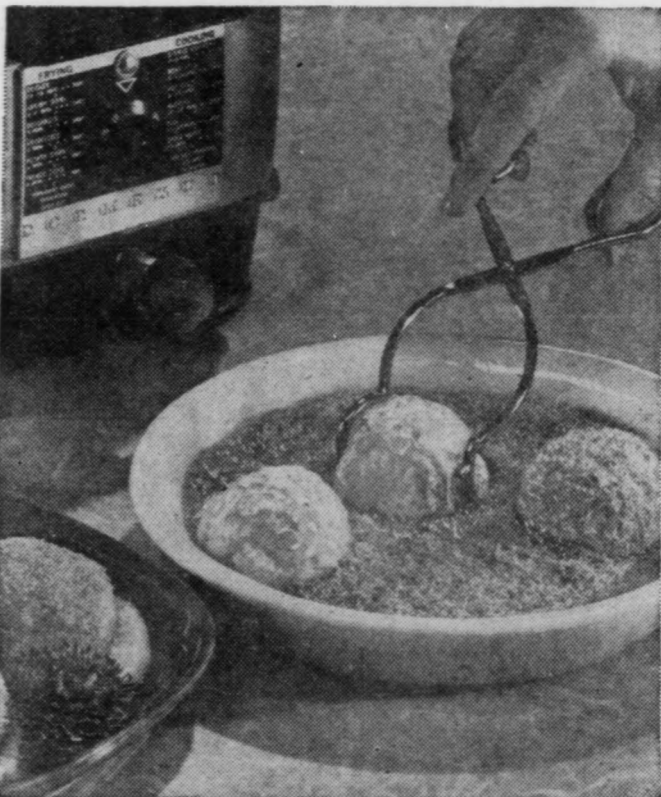

You've heard of "double chocolate" sodas. Now, try this "double lemon" cake, the latest fashion for summer desserting. A new mix adds the refreshing touch of lemon to that airy favorite, angel food. Here it appears in three "layers", each topped in this particularly lush manner: lemon frosting mix, combined — straight from the box — with whipping cream and sour cream. Fresh strawberry slices are folded into the topping, and garnish the cake prettily, too. Keep it cool until you're ready to let it keep you cool!

- Light Lemon Layers**
- 1 package lemon angel food cake mix
- Filling and Topping:**
- 2 cups (one-half package) buttercream lemon frosting mix
- 1 cup whipping cream
- 1/2 cup sour cream
- 2 cups fresh strawberry slices

Prepare and bake cake as directed on package. Cool; remove from pan. With long-bladed knife, split cake into 3 layers.

Blend dry frosting mix, whipping cream and sour cream. Beat until thickened. Fold in strawberry slices. Fill and top cake layers with creamy filling. Garnish with strawberry slices. Chill until served.

TANGY AMERICAN Cheddar cheese balls are rolled in corn flake crumbs, then they are deep-fried in hot fat.

HOFFA MEETS THE PRESS—During a break in his trial in Chicago, James Hoffa (left), president of the Teamsters Union, talks with newsmen outside a Federal Courtroom. Hoffa and seven other men are defendants in a fraud case involving the \$25 million teamsters pension fund.

MAYOR PERRY STOCKTON (right) of Seward, Alaska, tells newsmen how the city of 2,000, struck by earthquake, tidal wave and fire on March 27, survived the ordeal with the help of the Army and the civil defense rations, medical supplies, electric generators and fuel which had been stockpiled there in case of an enemy attack. He said: "Seward would have been a total loss without the training we had. Twenty minutes after the earthquake hit we were in operation through Civil Defense. The light plant was knocked out immediately, but we had a CD generator in the basement of the hospital and CD headquarters was set up there."

ROCKY PRESSES ON—New York's Gov. Nelson Rockefeller smiles and waves as he arrives at his political campaign headquarters in New York flushed with victory after the Oregon Primary. The Oregon victory gave Rockefeller's followers new hopes that he could beat Sen. Barry Goldwater in the climactic California primary June 2 and stem the Arizona drive toward the Republican Presidential nomination.

Plymouth Offers New Barracuda

Farmers Supply Inc., 103 E. Franklin St. is proud to announce the introduction of Barracuda... the spectacular new fastback by Plymouth. Barracuda... the true fastback that gives you sporty styling, all-purpose versatility, and budget price and economy. Prices, as a matter of fact, that start below \$2,500, based on Manufacturer's Suggested Retail Prices for the lowest-priced 6-cylinder model, exclusive of destination charges, state and local taxes, if any, and optional equipment. Barracuda... with front bucket seats and room for five, with the back seat up... with a seven-foot-long carpeted cargo area with the back down... with a "security panel" you can use, if you choose, and lock up tight like a trunk.

Barracuda... the spectacular new fastback by Plymouth... with the sporty look... the all-purpose versatility... and the low price that'll make you look twice before you buy any other special model car. See it... now at Farmer's Supply, Inc., 103 East Franklin Street.

Red Delegation After Rubber

In the United States-Romanian trade talks now underway in Washington, the Romanians have let it be known specifically that they are interested in buying a complete synthetic rubber plant and equipment for their petro-chemical industry.

Less specific has been the interest of both sides in reaching, further, more far-reaching agreement on the political and cultural level, including closer diplomatic relations.

From the United States' standpoint, it is part of a continuing program to break down the once close knit structure of world communism and to take advantage of rising nationalism within the Soviet bloc expressing itself in increasing independence of Moscow.

A program of economic aid to Yugoslavia helped the Tito regime to survive after Tito's excommunication by Stalin in 1948.

Eight years ago similar aid was extended to Poland after Wladislaw Gomulka's defiance of Khrushchev in 1956.

Although some evidences of mounting Romanian dissatisfaction with Moscow's dictatorship were apparent as long as

DENIES "SKIPPING OUT" — Billie Sol Estes (above), the bankrupt and convicted former boy wonder of farm promotion, denies in Abilene, Tex., that he violated Immigration Service orders not to leave the country while his case is in litigation. He was reported to have crossed into Mexico from El Paso. "I haven't been in Mexico and I don't intend to go," he said.

four years ago, they have become the most obvious within the last year or so. Internally, the Romanians

abolished the Russian language as required teaching in Romanian schools.

Outwardly, the signs were even more visible.

A year ago in June, Romanian President Gheorghiu-Dej was conspicuously absent from a Communist bloc summit meeting in East Berlin to discuss Soviet-Chinese differences.

Romania restored diplomatic relations with Albania, ostracized by the Soviet Union for its support of Red China.

THAW MEAT SLOWLY

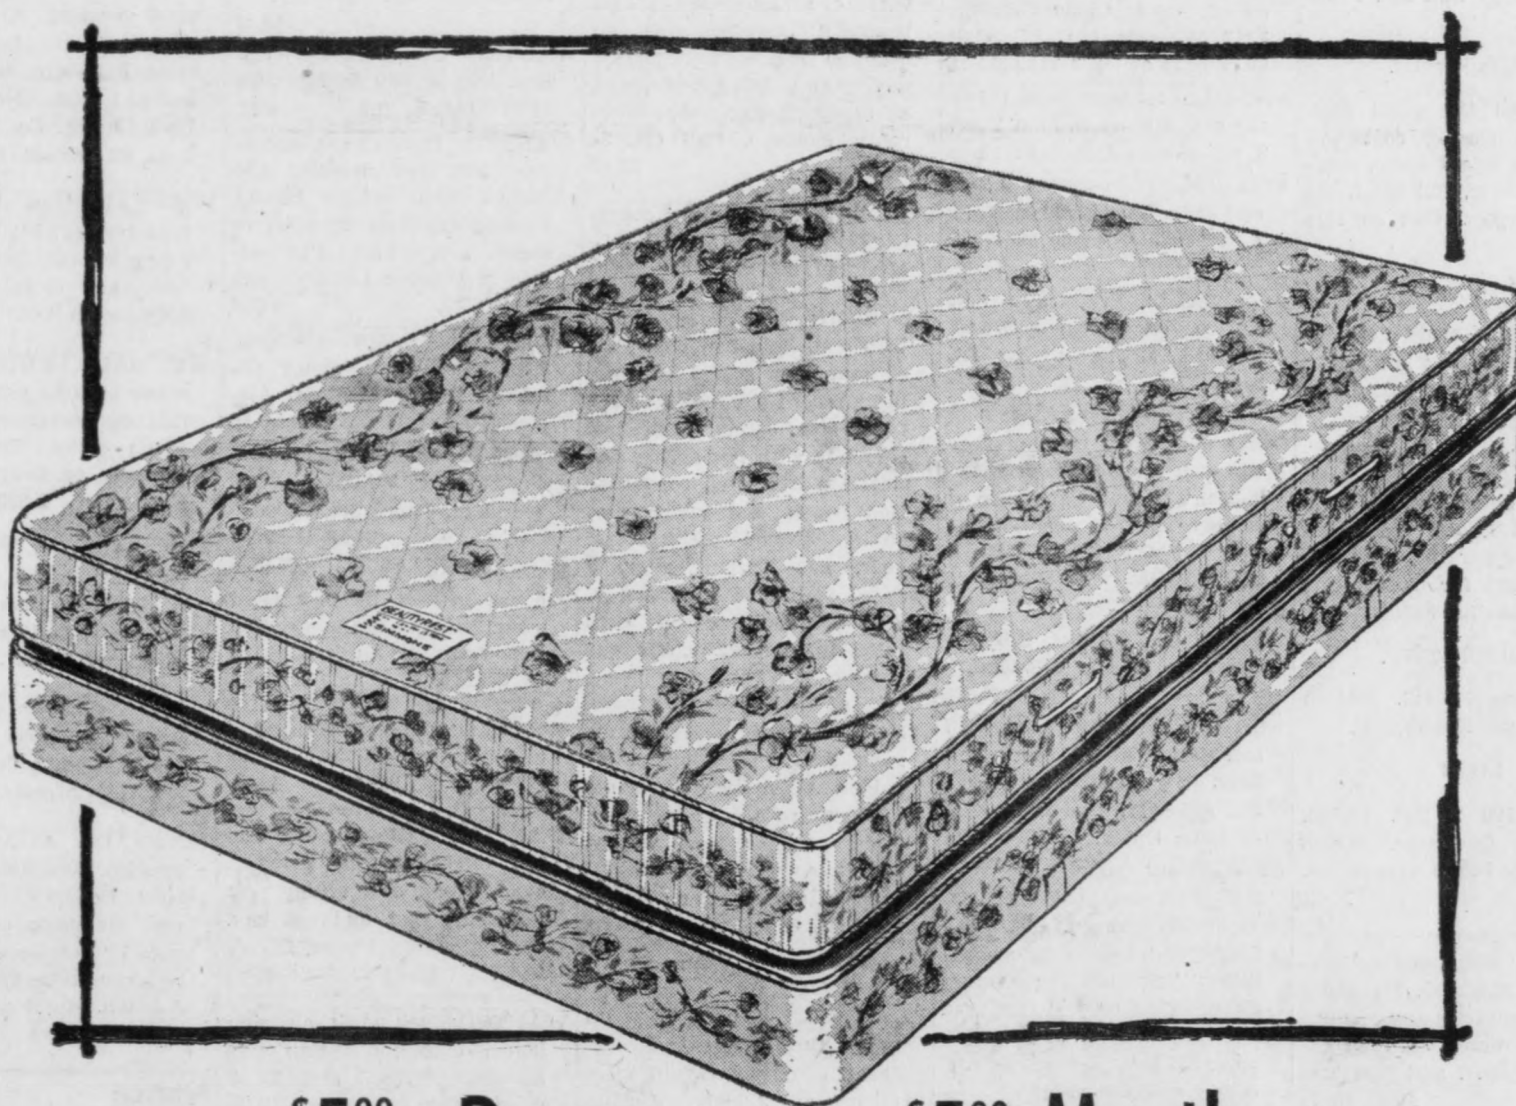

To thaw frozen meat, place it in the refrigerator section of your refrigerator-freezer. Leave it in its original wrapping during thawing to prevent it from drying. Most frozen meats may be cooked without previous thawing, but extra cooking time is required. A large frozen roast may take as much as 1½ times as long to cook as the same roast unfrozen.

NILE RIVER SEALED OFF; NASSER, NIKITA WATCH—Soviet Premier Nikita Khrushchev (center) prepares to release white dove (on his left arm) as symbol of peace and friendship while attending opening ceremonies of the Aswan Dam project in Aswan, United Arab Republic. Khrushchev and Nasser (right) watched from the deck of the riverboat as construction of a protective wall—behind which the Aswan dam will rise—was completed thus sealing off the course of the mighty Nile River.
